Orlando, FL 32816

Dear Mr. Mcalary,

I am requesting UCF GGM key access authorization for the (*identify project/purpose*). This request will expire on (*XX/XX/XXX*). The company contact for (*project/purpose*) is:

Facilities & Safety Project Manager:

Name:  
Position:  
Phone #:  
Email:

The employees requiring access are:

Name:  
Position:  
Phone #:  
Email:  
Reason:  
Start date:  
End date :( The expiration date is the date the project/purpose is complete not to exceed 1 year from start date.)

(Duplicate above information for each requested employee.)

I will ensure that these employees are informed of the following information:

- Keys must be checked out and returned within 12 hours to the Work Control Center (WCC) Traka box. If a key is not returned within 12 hours, an email will be sent to the company contact (listed above) and the key holder, alerting them that the key is overdue.
- All keys remain university property.
- The company assumes financial responsibility for any re-keying required due to keys lost

or not returned.

- The holder of a key to any university facility assumes responsibility for the safekeeping of that key and its use. Giving, loaning, or swapping keys with others is prohibited. Lost or stolen keys must be immediately reported the WCC (407-823-5223), and lost GGM keys must also immediately be reported to UCF PD (407-823-5555). When leaving a campus area or building, all doors must be secured as they were upon arrival. The WCC will issue to the company a key receipt, which must be submitted to the UCF Project Manager as part of the project close out.
- Failure to return keys in a timely manner may result in denial of access.
- Continuing Service Contractors that require routine access to multiple buildings such as Fire Systems, Hazardous Waste, and Fire Extinguisher etc, the GGM Letter will expire one year from the Start date and a new request must be submitted.
- **Contractors are individually responsible for meeting and monitoring their job specific workplace safety requirements. They include, but not limited to OSHA Fall Protection Standard 29 CFR 1910.269 and 29 CFR 1926, Subpart V.**
